

ASC Process for Implementing Change- Practice and Performance (P+P)

All Adult Social Care requests for reports or changes to CareFirst come through the P+P group. The group provides a strategic oversight of any proposed systems change or developments and offers support to work out how best to implement new ways of working and reflect these changes on CareFirst.

P+P is comprised of members from Operational teams, Finance, Business reporting, CareFirst, Contracts & Commissioners, Performance, Provider Services & Care Matching. The group meets monthly to consider the impacts of any service restructures and/or changes in the way that people are using CareFirst. This includes:

- Impacts on other teams/processes/pathways
- Whether the information/report already exists
- Resource and planning time required
- Links with other planned developments
- Links with other parts of the service or wider BHCC
- Reporting implications
- Communicating Change

Please outline your request below and email to:

ASCPerformance@brighton-hove.gov.uk

We may be able to consider urgent requests outside of the P+P meeting, please contact us to discuss in the first instance-please be mindful of the time it takes to effect the change.

Name of person requesting change: [Click here to enter text.](#)

Service Area: Assessment Teams Provider Services Commissioning Contracts

Proposed Date Change takes Effect:
